

Grand Adventure

... awaits all who book passage!
Travel back in history as we
move forward as a Company....

Meeting twice a year, we provide
unique glimpses into Jamestown's
history through programs designed
to capture your attention. History
comes alive through our field trips.

Members receive the frequently
published "Bowsprit," our Company
newsletter. Named for the part of
the ship that always arrives first,
it contains items of interest on
Jamestown, on the Jamestowne
Society, on the Company and
its members.

Our regularly updated website
contains everything you need to
know about the Chesapeake Bay
Company - the home port we hail
from, our recent destinations, a
list of our members, Company
newsletters and photos. If you
can't join us literally, you can
join us virtually by visiting the site.

Contact information is here for you.
We've saved a space for you on the
journey of a lifetime: the next

400 Years!
